Películas	109	27
Videojuegos	16	23
Comida y bebida	4	10
Ciencia y tecnología	6	8
Deportes	0	8

Music and dance YouTube videos are most popular worldwide.

Popular content trend varies for different regions.

Audience Analysis: Content Categories & Regions

US YouTube videos show more audience involvements.

Animation fans tend to visit, like and comment more, especially love commenting.

Subscribers: Content Categories & Regions

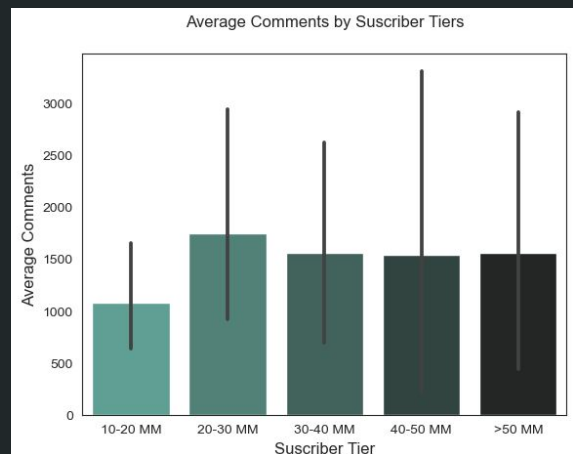

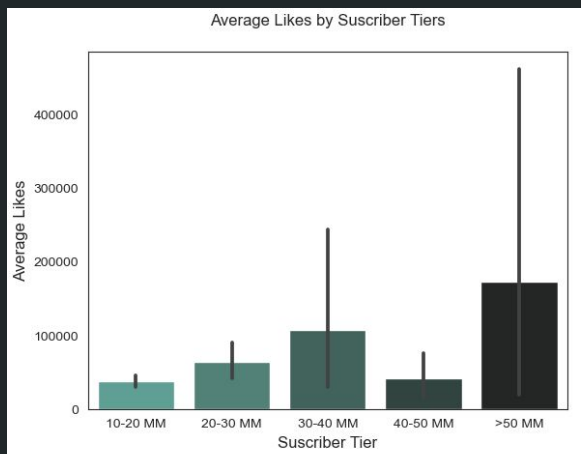

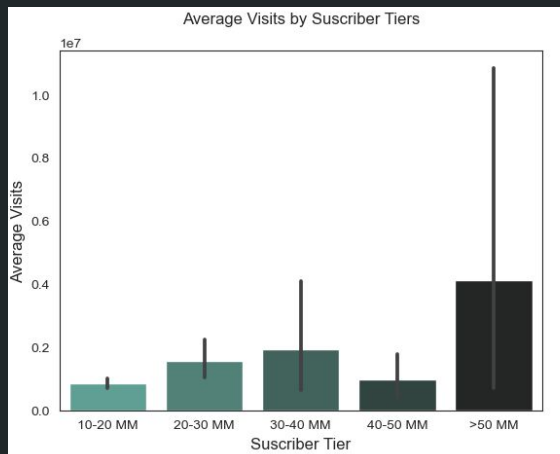

No clear subscriber trend

Split to tiers by subscribers

Audience Analysis: Subscriber Tiers

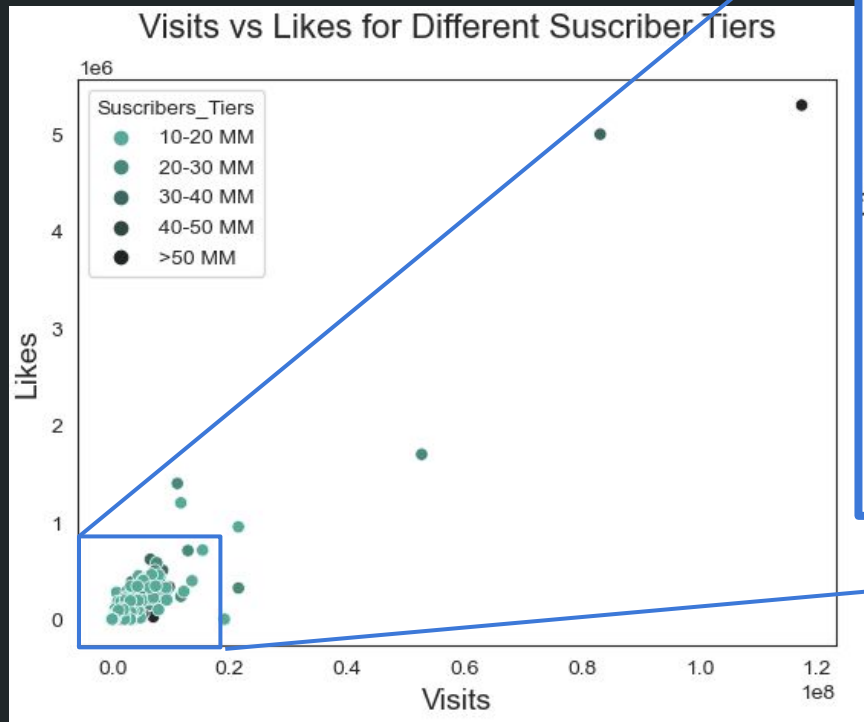

Audience involvement significantly increases after reaching 20MM subscribers.

Large variance for streamers with more than 20MM subscribers.

- ➔ Advertising with whole 10-20MM tier is reasonable
- ➔ Advertising should target on certain top streamers

Visits VS Likes

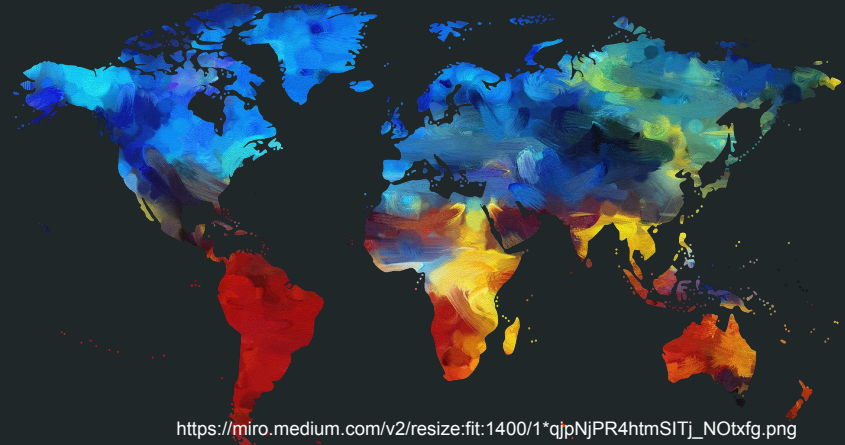

Positively correlated
